

# Revelations

(həd) p.e.

You are witnessing the falling of my pride  
You are listening as a crumble from inside  
Shhhh..

There are no secrets  
only voices you haven't heard  
There is no justice  
only living what you've learned  
Listen..  
You can not use me  
You can not fade me  
You will never win

Chorus:  
Tear a page from out my book,  
take a second look,  
steal away part of my life,  
turn me out inside,  
my sacrifice was not my own,  
I was not alone,  
I keep running from myself,  
and getting nowhere

There is nothing I can say I haven't said  
thank you for listening to these voices in my head  
Shhhh..

This is my revelation  
Lord, this is the end  
this is my exodus  
Oh lord, I'll break before I bend

You can not use me  
You can not fade me  
You will never win

Chorus:  
Tear a page from out my book,  
take a second look,  
steal away part of my life,  
turn me out inside,  
my sacrifice was not my own,  
I was not alone,  
I keep running from myself,  
and getting nowhere

Praying for one last breath  
I am dying inside  
you can't just walk away  
you've got to swallow my pride  
I slide my pain in you  
it hurts, just like it feels  
I take it out on you  
and make this lie so real

Chorus:  
Tear a page from out my book,  
take a second look,  
steal away part of my life,

turn me out inside,  
my sacrifice was not my own,  
I was not alone,  
I just keep running from myself,  
and getting nowhere

Getting nowhere..
