

## Visions In My Mind

H-Town

Oh... yeah... say yeah... ooo... check it out listen...

Beatin on our woman  
Never exist to life  
Who's head in charge  
Depends on skills not rights  
Being all she can be  
Never been touched in the army  
And stoppin sexual harassment  
That comes so frequently

Woman finds new Aids cure to life  
Presidents, she is for mankind  
Visin in my mind vision in my mind  
Vision in my mind vision in my mind

Seeing people walk together  
But not separated at all  
Because one feels that the other  
Is not big but small  
Living in an equal world  
Colors don't matter at all  
Stop having the po po's  
Rodney kinging us down

Vision in my mind  
Woman can prevail  
Presidents she is for the new world  
D-o-g's be gone to hell  
Vision in my mind vision in my mind  
Vision in my mind vision in my mind  
Vision in my mind (woman presidents coming woman save our child  
ren)  
Vision in my mind (woman rule the world yeah) whoa oh oh
