

I Want I Want

H20

I want what the other kids have, I want it all

I want I want what the other kids have
I want brand name shoes
I want perfect teeth and something to smile about
I want an invitation
And my own cell phone and something to talk about
I want imagination

But there's no money for me to pay
I want I want what I want and I want it now
There's enough food on the table so I guess it's ok
I want I want and I want it now
I want I want
I want I want what the other kids have
I want I want, I want it all

I want I want that video game
Don't want to have to use my brain
I want to go where the cool kids go
I'm sneaking in but they don't know

There's no money for me to pay
I want I want what I want and I want it now
But there's enough food on the table so I guess it's ok
I want I want and I want it now
I want I want, I want it all
I want I want
I want I want what the other kids have
I want I want
I want it all

If I don't get these things I ask for maybe I should run away
But there's enough food on the table so I guess I'll stay
I want I want

I want I want what the other kids have
I want brand name shoes
I want perfect teeth and something to smile about
I want an imagination

There's no money for me to pay
I want I want what I want and I want it now
But there's enough food on the table so I guess it's ok
I want I want and I want it now
I want I want what the other kids have
I want I want I want what the other kids have
I want I want I want it all
