What if I said, I was an accident waiting to happen Woudl I trip and fall, fall on my words
And would you say, say that I was wrong
My words were out of place, went where I didn't belong

This to me is fact and fiction plays a role Confusing situations that I can't control The heart of matter, it beats with pride Sometimes I wear it on my sleeve, sometimes I keep it inside

And no one said it was gonna be easy
And I'm not afraid to try
And with the odds stacked up against me, I will have to fight
One life, one chance, gotta do it right!!!

And I can't let fate dictate what's best for me Gotta take control of my own destiny, you can't relate You think there's no escape but I got everything at stake Here just to prove you wrong!

And no one said it was gonna be easy
And I'm not afraid to try
And with the odds stacked up against me, I will have to fight
One life, one chance, gotta do it right!!!
