

Come Back (Love Has Got a Hold On Me)

Haddaway

I stay, I decide
I never wanted to see your face again
But when you passed me by
I was back on fire

Love, love has got a hold of me
(Baby, just can't you see?)
Love, love has got a hold of me
(Hold of me)
Come back, come back

Since I closed my eyes and
Made a picture of you in my mind
My love is eating me
I want you by my side

Love, love has got a hold of me
(Baby just can't you see)
Love, love has got a hold of me
(Hold of me)
Come back, come back

Oh, come back
Oh, come back
Come back
Come back

Love, love has got a hold of me
(Love, baby, just can't you see?)
Love, love has got a hold of me
(Love, hold of me)
Love, love has, love has
Love has, love has got a hold of me
Come back
