

# Fallen Angel

Haddaway

I can still remember  
When you came into my life  
The days seem to be longer  
Because we kissed away the night  
Now I am painting pictures  
Of the moments that we've touched  
It's all in my head and I can't forget  
The feeling doesn't fade away

Now you leave me standing  
And I'm drowning in my pain  
And it's still so hard to face it  
It will never be the same

Your love's like paradise  
But so hard to realize  
That your love isn't true  
Lost my faith in you  
And now there's nothing left to lose  
I'm in love with a fallen angel  
My fallen angel

You fooled me with your passion  
Left your poison in my veins  
There's no chance to defend me  
And it's driving me insane  
You are acting like a fairy  
You make my wish come true  
Then you turn into a devil  
And break my heart in two
