

# Make Me Believe

Haddaway

You don't know why  
After all you meant to me  
I'd wanna leave so easily  
And say goodbye

You did me, wrong  
You let your heart go out to play  
And now you want my love to stay

And I would die  
If I walked away from you

Make me believe in you  
Look in my eyes  
Make me believe in you  
Tell me no lies

They say that time  
Can help to mend a broken heart  
Like the one you tore apart.  
The one who loved you

(But) I realize  
Time itself don't mean a thing  
Without you right here with me  
'Cause I would die  
If I walked away from you
