

Rock My Heart

Haddaway

Rock my heart...

Celebrate, celebrate vitality
Free your mind, do just what you want to
You and I, celebrate a special love
That is why I wanna be with you

Rock my heart
When we come together
We'll make it better
Every day
Rock my heart
When we come together
We'll make it better
Every day
Rock my heart
Rock my heart
Rock my heart

Celebrate, let the music fill your soul
Take a ride, yeah, ride on the rhythm
Celebrate, we can make the world go round
You and I, you and I

Rock my heart
When we come together
We'll make it better
Every day
Rock my heart
When we come together
We'll make it better
Every day
Rock my heart
Rock my heart
Rock my heart

Give me all your love
Give me all your love
You And I
Rock my heart
Rock my heart

Rock my heart
When we come together
We'll make it better
Every day
Rock my heart
When we come together
We'll make it better
Every day
Rock my heart
Rock my heart
Rock my heart
