

# Jealous

Hadise

Yeah yeah uhuh  
Yeah yeah uhuh  
Yeah yeah uhuh  
Yeah yeah uhuh  
Yeah yeah yeah yeah woow

I'm gonna trap a man  
Cause I could never stand  
How he hurt my friend

I'm gonna have revenge  
Make him feel the same  
Make him feel the pain

He will come to me, talk to me, flirt with me  
He'll think he's got me in the sack (in the sack)  
Play with me lay it on me dance with me  
Another play thing in the bag

Right then when you think you're gonna get some  
You're gonna get none  
This is my revenge...

I'm gonna make him jealous  
Show him tonight what hell is  
I'm gonna freak him out  
I'm gonna take him out  
I'm gonna, I'm gonna... make him jealous

I... I wanna know, I wanna know what hurts you  
I wanna know what alerts you  
Your ego is my key  
So I can break it off, so I can break it off

He will come to me, talk to me, flirt with me  
He'll think he's got me in the sack (in the sack)  
Play with me lay it on me dance with me  
Another play thing in the bag  
Right then...

I'm gonna make him jealous  
Show him tonight what hell is  
I'm gonna freak him out  
I'm gonna take him out  
I'm gonna I'm gonna... make him jealous

I... I wanna know, I wanna know what hurts you  
I wanna know what alerts you  
Just a fling ain't my thing, it don't matter what you  
bring  
I'm gonna make him look the fool, I'm gonna make him  
sweat and druel  
All the passion he has quenched, all the hurt he caused  
my friends  
I'm gonna make him pay tonight, show my sisters he  
ain't right

Yeyeah wohohow  
Yeyeah wohohow  
Yeyeah come on, oooh  
Make him pay tonight

I'm gonna make him jealous  
Show him tonight what hell is  
I'm gonna freak him out  
I'm gonna take him out

I'm gonna make him jealous  
Show him tonight what hell is  
I'm gonna freak him out  
I'm gonna take him out

I wanna know what hurts you  
Alerts you  
Break it off, break it off
