

Married Man

Hadise

Never never never never
Never mess with a married man

Never touch a married man
No matter when it's a dead end
Never touch a married man
You're not his wife not the way you think
You're his secret until she finds out
And she will...

Never never never never
Never mess with a married man

Girl don't sweat for a man like that
Don't do it girl Don't do it girl
Don't use your breath for a man like that
Don't do it girl
Don't do it girl

Look in his eyes he ain't mister right
Night after night he's making you blind

He will leave you...He will leave you girl

It's the truth It's the truth It's the truth ...
