

Hospital Thieves

Haemorrhage

Wander corridors seeking out for gore
Raptors disguised in medical gowns
Sedated inmates are the easiest preys
Newborn Infants grimly I take away

Abducting...Sequestering
Kidnaping the patients

Hospital Thieves
Hospital Thieves
Bandits in bloody scrubs
Hospital Thieves

Stalking the rooms to plunder the sick
Complete bodies, sometimes only limbs
Rapid surgery - furtive organs theft
Injured patients - slaughtered in their beds

Abducting...Sequestering
Kidnaping the patients

Hospital Thieves

Vile assault to extirpate
Maiming the convalescent
Torn apart - ripped to shreds
Your entrails I appropriate

Blood and bones, mangled flesh
Hearts and kidneys I collect
Gory swag - loot of entrails
Silently I slip away

Abducting...Sequestering
Kidnaping the patients
