

# Treasures of Anatomy

## Haemorrhage

Dealing with Anatomy!  
satisfy my morbid Greed  
Everything inside the corpse  
my pleasure and my joy  
Stealing fragments from the dead  
Extirpated limbs from hell  
Clandestine economy  
Cadavers is all we need

Treasures of Anatomy  
Business of disgust  
My sick occupation  
fulfill my necrophiliac lust  
Macabre orders  
conserved in formaldehyde  
Dealing with organs  
So it's how I get my life

Abucting and crippling  
Bodies are torn to pieces  
Ablating to ripping  
my job is fucking stinky

The Black Market of the human flesh  
Getting money from the occult trade  
Body-recycling industry  
Morbid Treasures of Anatomy

Defiling my victims  
My Autopsies are dirty  
Market of Morbidity  
Pathology is so exciting
