

## Chapter II - Upon Fallen Autumn Leaves

Haggard

Moonrise

On my path...

Als ich nun wand're auf dem Pfad  
Und die Dunkelheit verhüllt  
Den Mondenschein der Licht mir gab  
Der das inn're Toben stillt

Suddenly  
Along the mountainside  
Fog demons slowly rise  
Oh wanderer you'll see  
Your fate seems to be sealed by thee

As magic did weave  
On sanctified grounds  
He fell on this knees where he stood  
And blinded by those  
That have passed long ago  
Here in Gildeon's Woods  
As he turns his head  
Hurt by the beasts  
His heart - filled with fear  
For this is the end  
Or will he find  
The way out of here

Requiem aeternam dona eis, Domine  
Et lux perpetua luceat eis  
Te decet hymnus, Deus, in Ithiria  
Sanctus  
Dominus  
Quid sum miser tunc dicturus  
Requiem aeternam

Il mistero  
Valli di Ithiria

Deep inside the forest's heart  
Enchanted by the ones  
of ancient times  
Magic be their light  
That dimmers deep within

Night at Gildeon's Woods

Did you ever wander?  
And you got lost on secret paths?  
Did you ever see them?  
Is purity within your heart?  
Then trough the trees  
A light you may have seen  
That saved you from the dark

Moonrise

Wenn auch die Hoffnung  
in mir schwand  
Mit zitternd Hand  
mein Schwert ich zieh'  
Unterm finst'ren Himmelszelt  
Der Wölfe Hunger nie versiegt  
Ein Hieb, ein Schrei,  
ein Schmerz, ein Licht  
Doch es ist des Todes  
düst'rer Schatten nicht

Gazing at the moons' silvery light  
Here, where history may fall  
Enter the realm of darkened might  
Courage may now be with us all  
In times of freedom, times of fear  
Mother death stands by their side  
An unicorn so proud and clear  
Ride, when all the worlds collide

On my path...

Als ich nun wandre auf dem Pfad  
Folg' dem Lichte, das mich führt  
Als der Taverne ferner Schein  
Tief mein ängstlich Herz berührt...
