

Better Off

HAIM

Gettin back a'to it
I wanna get back to everything I had
Before you came around, you fucked me up
What am I do to now?
But in my mind I keep seeing him, seeing me,
And how good we used to be, used to be, used to be, used to be, used to be
I keep seeing him, seeing me
And how good we used to be, used to be, used to be, used to be, used to be

And now I'm finding I cannot deal with this
Going crazy wanna go leave you wanting it
Say you wanna work this out boy
Don't need to beg 'cause you'll never get it again

'Cause I'm better off this time so not this time
No baby not this time around
Oh I'm better off this time so not this time
'Cause I found out yeah, I found out now

Forgiveness is that all you want from me
I won't fall, into the arms of the one who turned on me
It's getting too dark for me to see

So I keep flashing back to when we met
We were better then, better then, better then, better then
I held you I didn't have to share it then
Better then, better then, better then, better then

Now my mind is taking me back to this
Too much time to think about what it is
What made us fall apart
Well don't need to beg 'cause you'll never get it again

'Cause I'm better off this time so not this time
No no not this time around
Oh I'm better off this time so not this time
'Cause I found out, yeah I found out now

I'm better off this time so not this time
No baby not this time around
Oh I'm better off this time so not this time
'Cause I found out, yeah I found out now

Oh you know I'm better off this time, better off this time (yeah)
Oh you know I'm better off this time, better off this time (yeah)
Oh you know I'm better off this time,
Ha 'Cause I found out, I found out now

Oh you know I'm better off this time, better off this time (yeah)
Oh you know I'm better off this time, better off this time (yeah)
Oh you know I'm better off this time,
Ha, 'Cause I found out yeah I found out now
