

I'll always be around
But I won't be home
You'll see me every time
But we're not alone
You'll hear me when you're deaf
'Cause you're impaired
You'll lose the sight of me
'Cause you haven't stared
I'll always be around
But I won't be home
You'll see me every time
But we're not alone
You'll hear me when you're deaf
'Cause you're impaired
You'll lose the sight of me
'Cause you haven't stared
Like I said
You will be mine
Words you seek
We'll make ends meet
I'll meet you here
Just have no fear
We'll break the odds
Our tears be gone
**
Like I said
You will be mine
Words you seek
We'll make ends meet
I'll meet you here
Just have no fear
We'll break the odds
Our tears be gone
**
I'll meet you here
Just have no fear
We'll break the odds
Our tears be gone
I'll meet you here
Just have no fear
We'll break the odds
Our tears be gone
Be gone
Be gone
Be gone
Be gone
