

As The Eagle Flies

Halestorm

Surely as the eagle flies with the wind
Surely as the sun rises in the east
I know that we will come together again
And once again the world will know peace

As the eagle flies, as the eagle flies
soar with valor, so good
As the eagle flies, as the eagle flies
soar forever, we will live his love
As the eagle flies, as the eagle flies

Surely as the eagle flies with the wind
Surely as the sun rises in the east
I know that we will come together again
And once again the world will know peace

As the eagle flies, as the eagle flies
soar with valor, so good
As the eagle flies, as the eagle flies
soar forever, we will live his love
As the eagle flies, as the eagle flies

So I will wait for that final day
For my Father, oh comes to take me high
And so I'll wait for you to follow me
And on that day his face you will see

As the eagle flies, as the eagle flies
soar with valor, so good
As the eagle flies, as the eagle flies
soar forever, we will live his love
As the eagle flies, as the eagle flies
