

I'm Not an Angel

Halestorm

You made a mistake
On the day that you met me and lost your way
You saw all the signs
But you let it go
You closed your eyes
I should've told you to leave
Cause I knew all the time you couldn't handle me
But you're hard to resist
When you're on your knees begging me

R: I tear you down
I make you bleed eternally
Can't help myself
From hurting you and it's hurting me
I don't have wings so flying with me won't be easy
Cause I'm not an angel, I'm not an angel

I hate being that wall
That you hit when you feel like you gave it all
I keep taking the blame
When we both know that I'll never change

R:

I wasn't always this way
I used to be the one with the halo
But that disappeared when I had my first taste and fell from grace
It left me in this place
Now I'm starting to think maybe you like it

R:

I'm not an angel
