

Mayhem

Halestorm

I'm so bored
With this world that spins around me
Used to make me dizzy
I'm so tired
Of these boys that hang around me
Used to drive me crazy

A little mayhem never hurt anyone
Where'm I gonna get some?
A little bedlam 'til I'm coming undone
Where'm I gonna get some?

A little mayhem never hurt anyone
I'm a gonna get some, get some, get some
A little bedlam 'til I'm coming undone
I'm a gonna get some, get some, get some, oh

Cruel intentions
Wind me in a spiral
I'm waiting to unravel
Twisted motives
Drive me in a circle
I'm dying to untangle

A little mayhem never hurt anyone
Where'm I gonna get some?
A little bedlam 'til I'm coming undone
Where'm I gonna get some?

A little mayhem never hurt anyone
Where'm I gonna get some, get some, get some?
A little bedlam 'til I'm coming undone
Where'm I gonna get some, get some, get some?
Oh, oh, oh

I wanna feel the chaos
I wanna hear the uproar
A little pandemonium
I know I'm not the only one
I wanna be blown away
I wanna feel the walls shake
I wanna feel the walls shake
I wanna feel the walls shake
Shake it shake it shake it...

Oh
1, 2, 3, 4, oh

Looking for some Mayhem
Need a little Mayhem
Need a little Mayhem
Looking for some Mayhem
Looking for some Mayhem, yeah, yeah
Need a little Mayhem
Want to hear some Mayhem, yeah
