

# Unapologetic

Halestorm

Whiskey  
Give it to me straight  
Straight and strong  
We'll drink until it's gone  
Dirty  
I got a dirty mouth  
Say what I want to say  
Can't wash it away

Well I'm high steppin' out of the box  
Getting out of the cage I'm busting the lock  
Oh yeah

I'm not scared  
Ain't trying to be  
Won't give nothing less than all of me

R: Because I'm unapologetic  
Unapologetic with you tonight  
Nothing to hide  
Unapologetic  
Unapologetic, turn on the light  
All of the lights  
And I'll take you as you are  
And we'll burn like the stars

Give me  
Give me something real  
Don't play no games  
No masquerade

'Cause it's last call, it's closing time  
I think I'm gonna let you read my mind  
Oh yeah  
Yeah, every little piece of me

R:

I'll give you every piece of me  
I'll give you every piece of you

Baby there's nothing you can say  
To make me throw it all away  
I won't give nothing less of me  
Nothing less than all of me

R:

I'll take you as you are  
We're burning like the stars  
Oh yeah...
