

# Green Eyed Boy

Haley Bonar

Morning's broken the night is gone  
What have we become something  
something wrong something  
I don't think you hear what I'm saying  
I don't think you took the time to learn  
So you drop to your knees and you start praying  
Screaming to the stars that burn  
Screaming to the stars that burn

Used to try and tell me what to do  
But I never listened to a thing  
And so I jump right in the middle like a fool  
For a green eyed boy who was born in the spring  
The green eyed boy who was born in the spring  
For a green eyed boy who was born in the spring

What have we become  
What have we become
