

Soul On Fire

Haley Reinhart

Been bumming around this old town been too long now
Don't wanna be stuck here doing the same damn thing
My vision is clear
Just pack my bags and get outta here
Guess it's time to check out
No inhibitions

Won't you set me free
Set me free
Set my soul on fire tonight
Oh set me free
Won't you set me free
Set my soul on fire, soul on fire tonight

Between the lines
Go ahead pretend it's alright
Caught up inside
Can't play it safe no not this time
My vision is clear
Just pack my bags and get outta here
Time to check out
No inhibitions no no

Set me free
Set me free
Set my soul on fire tonight
Oh set me free
Won't you set me free
Set my soul on fire, soul on fire
Set my soul on fire, soul on fire
Set my soul on fire, soul on fire tonight

Something strange is happening to me
Alter ego finally set free
And I don't wanna stop
No I don't wanna stop
Something strange is happening to me
Alter ego finally set free
And I don't wanna stop
No I don't wanna stop

Won't you set me free, set me free
Set my soul on fire tonight
Oh set me free
Won't you set me free
Set my soul on fire, soul on fire
Set my soul on fire, soul on fire
Set my soul on fire, soul on fire tonight
