

# Wonderland

Haley Reinhart

Woah oh woah oh, wonderland  
We've been through everything  
For the last year and a half  
Going everywhere, seeing the world  
Being my man, being his girl

Come on sister (come on, come on)  
Stand up for love (come on, come on)  
Everybody (come on, come on)  
Ease up the love (come on, come on)  
Come on sister (come on, come on) no more cryin'  
It's around the corner, ain't no denyin'

Woah oh (Gonna make you feel)  
Woah oh wonderland

You will be lying there in the sun waiting for shade  
It's cool when your coat is by someone who really cares  
And to be his girl

Come on sister (come on, come on)  
Stand up for love (come on, come on)  
Everybody (come on, come on)  
Ease up the love (come on, come on)  
Come on sister (come on, come on) no more cryin'  
It's around the corner, ain't no denyin'

Woah oh (Gonna make you feel)  
Woah oh wonderland

Fairy tales  
(As if none of that's real)  
Do come true  
(Gonna make you feel)  
If you want them to

Woah oh  
(As if none of that's real,  
Gonna make you feel)  
Woah oh, wonderland

(Come on, come on)  
Come on sister (come on, come on) no more cryin'  
It's around the corner, ain't no denyin'

Woah oh  
(As if none of that's real,  
Gonna make you feel)  
Woah oh wonderland

Fairy tales  
(As if none of that's real)  
Do come true  
(Gonna make you feel)  
(As if none of that's real)  
(Gonna make you feel)

Woah oh  
(As if none of that's real,  
Gonna make you feel)  
Woah oh wonderland
