

# All The Angels Said Go To Her

Half Japanese

All The angels said go to her  
All the angels said go  
Don't give it up  
Don't give it up

We've got the power  
The power of love

This love is a love that will endure  
And the kitten said purr  
Purr-fect  
Perfect

Don't give it up  
Don't give it up

Hold onto the angels wings  
Hold onto the songs the angels sing  
Hold onto the yes we can do it  
Hold on

You got the power

And this time all the pieces fit  
Chocolate baseball in our mit  
Our lives a cherry without a pit  
And it just keeps getting better

Give it up/ don't give it up
