

Cyberworld

Halford

You're trapped inside my Cyberworld
Consumed up as my web unfurls
No secrets left for your mankind.

My virus lurks through out your veins
I'm spreading there inside your brain
A Trojan Horse that eats your mind.

Cyberworld
Cyberworld
I've got your power

Cyberworld
Cyberworld
I will devour, yeah

At speed of lies I will connect
I search and surf as I infect
Computerized catastrophe.

Your information's what I steal
I scan you till you are unreal
Transmit your power into me.

Cyberworld
Cyberworld
I've steal your mind.

Cyberworld
Cyberworld
For all mankind, yeah

You're dying in my Cyberworld
You're dying in my Cyberworld
