

Anthem for Tonight

Halifax

So here's a question
I'll hypnotize you
But will you follow me
Follow all these footsteps I left behind
My hands are shaking
Don't criticize me, for being in demand
I get paid for your tears

It's in my job description
Tell you how to feel
This is my ammunition
I'll fire at will

Make make me make you want to sing along
You can't have my life
Break break me until I write your favorite song
This is your anthem for tonight

You're contemplating what you want from me
But it's not up to you
Listen to me what I have to say,
Up against the wall with my guard down
But can you conquer me?
A fighter in the corner with no fight

It's in my job description
Tell you how to feel
This is my ammunition
I'll fire at will

Make make me make you want to sing along
You can't have my life
Break break me until I write your favorite song
This is your anthem for tonight

So here comes a breakdown
Oh you wish you could
So here comes a breakdown
Let's see who can get down
So here comes a breakdown
Let's tear up this town

Just tell me one more time what you want from me

Make make me make you want to sing along
You can't have my life
Break break me until I write your favorite song
This is your anthem for tonight
