Halifax

It's okay, you can stop running
From the pain, and all that's been dying
Inside of you, now

I'd like to say, we never to stop changing
But I can feel, you hesitating to love me like you do
(Coz you are only human)

Don't fade away! Hang onto tomorrow
Coz everyday! Is better than the last
Does it ease the pain?
I just want to know that
when the hours up
will you still feel the same?
Will you still know my name?

Days before with breathless cravings
An empty hole, You're body's caving in on you now
And you can say your life's worth saving
But everyday, the wars still raging with or without you
(Coz we are only human)

Don't fade away! Hang onto tomorrow
Coz everyday! Is better than the last
Does it ease the pain?
I just want to know that
when the hours up
will you still feel the same?
Will you still know my name?

Now I'm sorry that the truth is hard to take
Imagine how it feels to be the one who has to say
I'm sick of all your lies disguised as ... what we made

Don't fade away! Hang onto tomorrow
Coz everyday! Is better than the last
Does it ease the pain?
I just want to know that
when the hours up
will you still feel the same?
Will you still know my name?
I just want to know that will you still know my name?
I just want to know that will you still know my name?
Will you still know my name?
