

# Bigger Than Both Of Us

Hall & Oates

There's a million like us so we're not alone  
A million like us though I can't think of one  
There must be a million people who are pulling apart  
And they don't know how to stop it, can't stop it when it starts

We can begin with a little bit of honesty  
You can tell the truth girl, when you're talking to me  
And what comes to my mind when I think of you  
Is what am I here for? There must be something more

And it's bigger than both of us  
No matter what you say  
I just can't think of a way with you  
Don't you know it, nothing really lasts forever  
It's bigger than both of us

No matter how I try  
I can't even work up a sigh for you  
Don't you know it, nothing ever lasts  
Nothing really lasts forever

Just think of me as another page in your life  
A curious way for you to pass the time  
Just another memory when you're middle aged  
Oh, yeah

Where there's someone for the girl with everything  
Secure in the knowing that she ain't gonna break  
You're too much for me I'm too much for you  
So what are you here for, when you know there's something more

And it's bigger than both of us  
No matter what you say  
I just can't think of a way with you  
Don't you know that nothing really lasts forever  
It's bigger than both of us

No matter how I try  
I can't even work up a sigh for you  
Know that, nothing ever lasts  
Nothing really lasts forever

There's a million like us  
It's bigger than both of us  
Million like us

And it's bigger than both of us  
No matter what you say  
I just can't think of a way with you, girl  
Don't you know that nothing really lasts forever  
It's bigger than both of us

No matter how I try  
I can't even work up a sigh for you  
Know that, nothing ever lasts  
Nothing really lasts forever

No matter what you say  
I just can't think of a way, can't think of a way  
Know that nothing really lasts forever  
It's bigger than both of us

No matter how I try  
I can't even work up a sigh for you, for you  
Know that, nothing really lasts  
Nothing really lasts forever
