

Christmas Must be Tonight

Hall & Oates

Going down to Bethlehem, see the little son of man
Lying away in the manger, praise the Prince of Peace
Wheels start turning, fires start burning
Shine a light on the wise men journeying from the East.

[Chorus]

How could a little baby boy, be bringing down so much joy
Son of a carpenter, Mary carried the light
It must be Christmas, must be tonight

See the shepards on a hillside, looking up at the sky
On a cold winter night they hear the angel's sing
In a dream I heard a voice, said fear not, come rejoice
It's the end of the beginning, praise the new born King

[Chorus]

Just a little baby boy, he's brining us so much joy
Son of a carpenter, Mary carried the light
It must be Christmas, must be tonight

[Repeat Chorus]

Then it came to pass, the child was born at last
Happened right before the star that shines on high

[Chorus]

How could a little baby boy, be bringing down so much joy
Son of a carpenter, Mary carried the light
It must be Christmas, must be tonight

[Repeat Chorus]

Must be tonight, it must be tonight
Christmas must be tonight
Son of a carpenter, Mary carried the light
All right and it's all right, Mary carried the holy light
