## **Getaway Car**

Hall & Oates

Remembering when we first met We had that adventure in our eyes But something got away I guess In the everyday of our lives

And I don't know what keeps us here Let's disappear and start all over again

(chorus)
We can run away
Baby came as you are
You can look at my heart
As your Getaway Car
We can drive all night
It'll be alright
Love can take us so far in my Getaway Car

All we need is the open road More fuel for the fire inside us Steer us onto this world behind us

-Repeat chorus-

Turn up the radio and don't look back again Let me put the pedal down, gonna leave this town Don't be afraid to ride

-Repeat chorus-
