

# How Does It Feel to Be Back

Hall & Oates

Please return, come back, I've been saving your place  
Too much time has elapsed-unreality-memory erases  
The rules and the rights and the wrongs don't apply  
Far apart - So together is destiny weeded to fate  
I write the script, you direct my dreams  
We're along on the beach for the passionate scene  
And it's a drag to wake up with you ... saying to me  
How does it feel to be back in my arms again

I'm bored and alone and it's weakening me  
One night out and I'm looking for trouble and finding it's easy  
You know we all make mistakes and we all need the touch of a hand  
In the right kind of place, in a time of need  
I could pick up the phone, but the talk ain't cheap  
I pick up on the thoughts that you're sending to me  
And i wait for the day I hear you saying to me  
How does it feel to be back in my arms again
