

# Love Out Loud

Hall & Oates

I like this room  
It's got me  
Dancin' down and dirty on my knees  
Get lit up  
Tell those lies  
Wicked enough to melt your ice  
I can see baby  
Touch on me  
I can see most any possibility  
Got to do it. Got to use all my love  
Too much is never enough  
You've got to sing out  
You've got to sing out  
You've got to sing out  
Sing Out Sing Out

[Chorus:]

Love out loud  
Tell me what you wanna do  
Love out loud  
You've got to love out loud  
Don't look down  
Tell me what you wanna do  
Love out loud

Got no time  
Time to choose  
Wait a second now you're gonna loose the mood  
Got to do it  
Got to use all your love  
Too much is never enough  
You've got to sing out  
You've got to sing out  
You've got to sing out  
Sing Out Sing Out

[Chorus]
