

# Something About You

Hall & Oates

Yeah you've been so close, oh baby  
In my world always gone with someone  
Seeing you on your own  
It's like some light, so bright is turning on  
See you standing there oh baby  
Feel a change in the air  
Everywhere  
Why didn't I know  
That you're the one that I've been waiting for

Yeah, there's something about you  
That I never knew  
Why didn't I see your smile before  
Yeah, there's something about you  
That's leaving me breathless  
Leading me on

You can see, I can tell oh baby  
You've got some power over me  
Use it well  
Don't know why I'm so sure  
That you're the love that I've been longing for

Yeah, there's something about you  
That I never knew  
Why didn't I see your smile before  
Yeah, there's something about you  
That's leaving me breathless  
Turning me on

Only matters what I feel right now  
No matter what I've felt before  
I'm turning to you right now  
I'm breathless baby, that's all I need to know

Yeah, there's something about you  
Something about you
