

# You're Much Too Soon

Hall & Oates

Can't find the reason to stay with you  
By now a reason should appear  
Anybody else could understand my fear

That you're much, too much  
You're much, too much  
Much, too much, too soon  
You're much, too much, too soon

Don't think I'm blown away by what I am  
It's just a job that keeps me travelin', man  
One thing I've learned is how to take my time

And you're much, too much  
You're much, too much  
You're much, too much, too soon  
You're much, too much, too soon, soon

Don't get too heavy baby  
You've only known me for a week  
Gotta keep it steady babe, steady babe, ooh  
Gotta keep it real

Anything that I could say, everything I've been sayin'  
All comes down to that same old thing  
That I love you but I don't love you  
I love you but I don't love you

Let it go, let it go, let it go, now baby  
I know, I know, I know you baby, I know you baby  
Let me go, let me go, let me go, now baby  
I know, I know, I know baby, baby

Let it go, let it go, let it go, now baby  
I know, I know, I know you baby, I know you baby  
Let me go, let me go, let me go, now baby  
I know, I know, I know baby, baby

Let it go, let it go, let it go, now baby  
I know, I know, I know you baby, I know you baby  
Let me go, let me go, let me go, now baby  
I know, I know, I know baby, baby

Let it go, let it go, let it go, now baby  
I know, I know, I know you baby, I know you baby  
Let me go, let me go, let me go, now baby  
I know, I know, I know baby, baby

Let it go, let it go, let it go, baby  
I know, I know, I know, baby doll, baby
