

Busted

Halloween

Now, is no time, to lie about the truth
You got caught, it's time to pay, you fool
This, is life, now it's your turn to play
If, you want to live, do everything I say

You got busted, you can't be trusted
I caught you
Yeah, busted now, I'll tell you what to do

Play, with fire, and you might get burned
Do, you think, there's a lesson to be learned
Play, the fool, your life may be the price
You pay, tonite, ha ha, I've caught you twice

You got busted, you can't be trusted
I caught you
Yeah, busted now, I'll tell you what to do

So now you ask to be forgiven
For the life that you've been livin'
You want me to think it over
Hey, I'm bad, the king of law and order

You, got caught, with your panties down
Tried to tell, your dad, you weren't foolin' around
He's, no fool (yes he knows) where you've been
Yes, he caught you one, he just caught you again

You got busted, you can't be trusted
I caught you
Yeah, busted now, I'll tell you what to do
