

Dry Spell

Johnny Hallyday

Slow heat creepin'
It's creppin' deep inside of me
Slow heat creepin'
It's a burnin' misery
And the sun just keeps on beating
It's left me here beleiving
It's gonna be a dry spell dry spell
I wish it would rain down on me

Sorry don't do it
Sorry won't fill my wishin' well
Sorry just don't do it
Tears won't fill my wishin' well
You wasted all the water
And left me in this livin' hell
It's gonna be a dry spell dry spell
I wish it would rain down on me

Well I ain't cryin', it's just some dust got in my eyes
Baby, I'm not cryin'
It's just some dust got in my eyes
And there's a barren sky, hangin' hangin' over you and I
It's gonna be a dry spell dry spell
I wish it would rain down on me

It's a dry spell
