

I'm All Eyes

Halo Friendlies

No one ever has to be alone
If I got you in my door
I wouldn't be so bored
And hiding all my thoughts wouldn't be too wise
Cause you would never know
You would never know that

I'm all eyes
When you come around
Will you ever be mine
Mine all mine
Please be mine

Once upon a time I caught your eye
But I was much too shy
I was terrified
But happy ever after is in my mind
Will you be mine
Will you be mine 'cause

No one ever has to be alone
