

## Blue Eye Smile Girl

Halou

And now it all is clear  
Why I lose to blue eye smile girl  
With all that she has got  
All she lacks- a neon halo  
And when she laughs your heart opens  
And when she walks your eyes follow her  
Don't be too fast to slap your back  
For perfect perfect  
She may be on your arm  
And she has you-  
But you don't have her  
And don't pretend you didn't see  
What a fool I was, it's so obvious
