

I know i talk too mu  
I know i laugh too loud  
Oh god, i did it to myself again  
Why can't i ever seem to change  
Kiss me now, kiss me now  
Empty i feel  
I can't see anything  
Outward from here  
Kiss me now, kiss now  
Empty i feel  
And i back myself into my corner  
Once again  
I know i have my faults  
I know i'm out of line  
I wish i could take it back  
I want to run and hide
