

# Not Afraid Anymore

Halsey

I am not afraid anymore  
Standing in the eye of the storm  
Ready to face this, dying to taste this  
Sick sweet warmth  
I am not afraid anymore  
I want what you got in store  
I'm ready to feed now  
Get in your seat now

And touch me like you never  
And push me like you never  
And touch me like you never  
'Cause I am not afraid, I am not afraid anymore  
No no no

No no no  
No no no  
No no no  
No no no

I am not ashamed anymore  
I want something so impure  
You better impress now, watching my dress now  
To fall to the floor  
Crawling underneath my skin, sweet talk, with a hint of sin  
Begging you to take me  
Devil underneath your grin, sweet thing  
But she play to win, heaven gonna hate me

And touch me like you never  
And push me like you never  
And touch me like you never  
'Cause I am not afraid, I am not afraid anymore  
No no no

Crawling underneath my skin, sweet talk, with a hint of sin  
Begging you to take me  
Devil underneath your grin, sweet thing  
But she play to win, heaven gonna hate me

And touch me like you never  
And push me like you never  
And touch me like you never  
'Cause I am not afraid, I am not afraid anymore  
No no no
