

# We Are Hammercult

## Hammercult

Bonfires burning bright  
We'll kick some ass tonight  
Fists pumping for the sound  
The thunder shakes the ground

Warriors ready for the fight  
You better hold on tight  
Hammer signs reveals the sight  
It's time to hit the lights

Poser hunting, brutalizing, in the pit they die  
Feel it rush through, metalize you, none shall defy

Upon the anvil lies terror in disguise  
From hatred and despise the Hammer will arise

WE ARE - Hammercult  
WE ARE - Hammercult  
WE ARE - Hammercult  
WE ARE - Hammercult

Spreading Metal, raging war  
You hear the warriors' roar  
The rhythm shreds the mist around  
Now feel the Hammer's pound

Engines ready to ignite  
You better hold on tight  
Heed the calling, hear the sound  
The thunder shakes the ground

Poser hunting, brutalizing, in the pit they die  
Feel it rush through, metalize you, none shall defy

Upon the anvil lies terror in disguise  
From hatred and despise the Hammer will arise

WE ARE - Hammercult  
WE ARE - Hammercult  
WE ARE - Hammercult  
WE ARE - Hammercult

We are the scum, in Hell we reign  
We are the scorn, where darkness dwells  
Now take the oath and raise the horn  
We are the cult - it's time to be reborn

WE ARE - Hammercult  
WE ARE - Hammercult  
WE ARE - Hammercult  
WE ARE - Hammercult

We'll cut you down  
We'll cut you down  
We'll cut you down  
WE'LL CUT YOU DOWN!
