

# Between Two Worlds

HammerFall

In the distant maze, I see two doors  
One leads to change, one leads to where I've been before  
I am an angel, on broken wings  
I am the beast, the devil and all in between  
Nothing at all

It's never dark here, it's never light  
Feeling like I'm caught between two worlds  
Between two worlds

When the night comes down, the blade comes out  
I wish, I wish, I wish I felt something at all  
Nothing's wrong or right, nor black or white  
Behind the hurt I see the lust come shining through  
What do I do

Just like the rainbow, between mist and sun  
Feeling like I'm trapped between two worlds  
Between two worlds

Never laugh or smile, I never cry  
My mind is numb, and I can't take it anymore  
Screaming in frustration, no sound is heard  
Am I asleep, or am I starrng in a dream  
Please wake me up

Sometimes the hunter, sometimes the prey  
Feeling like I'm trapped, lost and never found  
Feeling like I'm caught in two worlds  
Without a home
