

I Refuse

HammerFall

My guard is down, accept my invitation
But don't waste my time, with your slander'n lies
Cuz my dream, is my dream
All based on my revelations
Extreme, but not mean

And I'll stand the test of time
You say you like me, your my friend, but I
got stabbed in the back
Removed that smile and wash the blood off
your hands

I Refuse, I Refuse

you call my name but you don't know me
you say I'm insane but who's to blame
Cuz I'll scream and I'll scream
I'm building up a reputation
I esteem by all means

Cuz I swim against the stream
You turn the page and write the
story of a life you don't know
My sword is sharp and mightier than
your pen

I Refuse, I Refuse
I Refuse, I Refuse

Refuse to be something that I'm not
I Refuse, I Refuse
I Refuse, I Refuse
I Refuse, I Refuse
Refuse to be something that I'm not
