

## Chastity Rides

### Hammers of Misfortune

Oh chastity  
you spoke so clearly  
Holding the reins of your steed high and mighty  
One voice, two faces, three kings, and four horsemen  
Delighting our eyes, silver strings in the moonlight

Oh sanctity  
Tiny eyes like diamonds  
You glide in the sky in your saddle so high  
One voice, two faces, three kings, and four horsemen  
Sway through the air on strings straight from heaven

Chastity rides on a horse oh so high  
Dancing on strings in the sky
