For The Ax

Hammers of Misfortune

I have come to collect on a bargain

Now you must make good on your promise

For the Ax, the source of your power

An oath you swore in that black abyss

Build a great road to the forest

Use the ax to strike the first tree

Wide and straight into the village

Only then will you appease me

Now I understand all of your treachery How could this be.. This evil destiny?

How could you ask this of me? (You swore)

My sacred forest home
(To me)

The only thing in this life (Do this)

That I can call my own (For me)

Cursed is the day I met you (I lied)

Cursed is this wretched throne (To you)

I'll Take this life you ask me
(What can)

And then I'll take my own (You do?)

It is done
