

This Way

Hana Pestle

I'm not drowning
I don't need your hand to save me
I'm not sorry
I don't need your touch to change me

And I, I don't need to know just where I am
And you don't need to know

It's never enough
It's too much
It shouldn't be this way
The more that you give
The more I give away
I know I shouldn't be this way

So forgive me
If my words don't fit your meaning
I'm not guilty
But your crime is mine for keeping

And I don't need to know just where I am
And you don't need to know

It's never enough
It's too much
It shouldn't be this way
The closer you get
The more I feel the pain
I know it shouldn't be this way

And I know I'm on my own
And I know I'm all alone

And I don't need to know just where I am
And you don't need to know

It's never enough
It's too much
It shouldn't be this way
You tighten your grip
And my hand slips away
It shouldn't be this way

It's never enough
It's too much
It shouldn't be this way
