

# Trying To Get Used To You

Hana Pestle

I never felt a kiss like yours  
Never held a hand like yours  
That catches me every time I fall

Never seen a face like yours  
Never had a place like yours  
To run to when I've lost it all

Where did you come from  
and please can you stay?

If you see me shaking  
I can't catch my breath  
If you see me staring  
Like I'm scared to death  
You're not crazy  
You're not stupid  
You're just too good  
I'm trying to get used to you (2x)

I always had the rug pulled out  
My house of cards knocked down  
So I've never really felt safe

But you seem to have my heart  
And I've seemed to let it go  
I'm simply blown away

Where did you come from  
And please can you stay?

If you see me shaking  
I can't catch my breath  
If you see me staring  
Like I'm scared to death  
You're not crazy  
You're not stupid  
You're just too good  
I'm trying to get used to you (2x)

Give me a moment  
And I'll be okay  
It's just that nobody else  
Makes me feels this way  
You got me shaking

If you see me shaking  
I can't catch my breath  
If you see me staring  
Like I'm scared to death  
You're not crazy  
You're not stupid  
You're just too good  
I'm trying to get used to you (2x)

If I'm getting tongue tied  
With no words to say

I'm nervously laughing  
At everything you say  
I'm not crazy  
I'm not stupid  
You're just too good  
I'm trying to get used to you (2x)
