Handguns

You say that you're lost
But you're just a lost cause

Where will you go
When you're all alone
In a smoke filled bathroom
That's not your own

Within the blink of an eye
You turned and walked away
You left us all behind

You say you say that you're lost
But you're just a lost cause
Was the price you paid worth the cause?
You say you say that you're lost
But you're just a lost cause
Was the price you paid worth the cause?

Did you find what you've been looking for?
Or are you still in search of something something more?

You say you say that you're lost
But you're just a lost cause
Was the price you paid worth the cause?
You say you say that you're lost
But you're just a lost cause
Was the price you paid worth the cause?

Within the blink of an eye
You turned and walked away
You left us all behind

You say you say that you're lost
But you're just a lost cause
Was the price you paid worth the cause?
You say you say that you're lost
But you're just a lost cause
Was the price you paid worth the cause?
