

Rise! From the quiet I will rise! I can't stand any more of the
silence
I feel sick at how jaded I've become!

Can you feel the anger in my heart?
I can't believe this is me.
I built my house on shaking ground,
and lit a match to watch it burn.

Set me free.
Set me free.

Rest my soul in you alone.
Rest my soul in you alone.

Set me free.

Rise, from the quiet I will rise.
Rise, from the quiet I will rise.
Rise, from the quiet I will rise.
Rise, from the quiet I will rise.

Take my hand.
Give me the faith to move mountains.
Give me the strength to rebuild.
Help me become a better man.
Help me to understand your will.

Let it rain.
To remind me that there is something more.

Let it rain.
To remind me that there is something more.

God, help me become a better man.

Rest my soul in you alone.
Rest my soul in you alone.
