The Truth

Handsome Boy Modeling School

Go
Go to the mountain if you must
Go to the burning bush
Happy would ease your troubled mind
How do the fade just stay behind?

I know you better than you think I do
Don't worry .. this is why I fell in love with you
The man in the looking glass
Is looking back at you at last

You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide

If happy times are too few and far between
It's a pity dear, we can't erase the things we've seen
So disappear, vanish if you wish
Just go before you're swallowed up by bitterness

And the truth is you can't hide from the truth
And the truth hurts because the truth is all there is
I realized some time ago that I would have to let you go

May not be true to see that you would return one day But in your present state you may as well not be here at all You wear a thin disguise, it's from yourself you hide Just take a look at us, we are heading for a fall

Now presiding in this quarter: hip-hop Justice, my rap forté Judge, jury, bailing for prosecuting D.A. Et ceteras, paraphas My modus operende It's carpe diem whether the fact or word is your way Comprende? The people versus, you ain't no Sensi Teaching that style of word-play We got the words they Regardless of what your friends say They're all disable Striken from the record and deemed indimissable And this long arm of the law grabs a mightier Shoot dope lines first and ask questions later The sentence of this live litigator Close the case tighter than the jaws of a 'gator Stenonographer, that study law again, the jargon Let your counselors 'a barking, in hopes of a plea bargain But when you read back verbatim What they're saying to persuade them They realize exactly how I've played them I come with the truth, whole truth and nothing but 'Cause the truth hurts just as much as in' with lies will

I brew skill with free fills from now until Plagiarizing MC's get their flows distilled

Baby I don't die without you by my side
As long as you return into these arms that burn
Baby I won't die just take a look inside
Into these eyes that burn, come to these arms that yearn

I won't die, if you leave me high I won't die if you're not by my side

And the truth hurts because the truth is all there is
And the truth hurts because the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
