

Dumb Animals

Handsome Furs

Oh how you're so pretty
Painting my baby's face so we're all black eyed
Trash from the city
Drifts through the parking lot and floats up to the sky

Uh huh uh huh uh huh
Uh huh uh huh uh huh

I thought you
Were the eyes of dumb animals shining their light
My heart's a balloon
And I'm a dumb animal at night just waiting to die

Uh huh uh huh uh huh
Uh huh uh huh uh huh

I sit on the ground
Turn off the miracle of electric light
Nobody got found
The stars are so high
I sit on the ground
Turn off the miracle of electric light
Nobody got found, and
The stars are so high

Uh huh uh huh uh huh
Uh huh uh huh uh huh
